

Southwest Contract Philosophy

Southwest Contract believes in “creation of an environment” within student housing – taking great pride in creating room environments that offer the students an opportunity for flexibility, versatility, space saving, and safety, in a home-like atmosphere. The goal of every project is to always meet the desires and requirements of the students while delivering top quality products and service, at an exceptional value, within budget, and on time.

Mission

Our mission is to provide uncompromised commitment to customer service, design integrity and manufacturing excellence, and to provide financial support for research, education, and scholarships for ACUHO-I that is unmatched in the market.

Experience

Southwest Contract is a well respected leader in the college and university residence hall furniture market. For over 35 years, Southwest Contract has designed, developed, and marketed quality products.

Innovations

Southwest Contract was the first to introduce:

- The EZ connect loft bed
- One piece loft bed ends
- Expandable desk and chest tops
- Lifetime warranty drawer slides
- Combination steel and laminate drawers
- Security clips for loft beds
- Service contracts
